

Senior Technologist – Formulated Beverages

Fancy a move to Manawatu?

- Palmerston North Based
- 2 opportunities available
- Grow your career with an international market leader

Want to work for a company that is an making a difference in their industry? Do you like working in a fast paced, innovative, sustainable environment that is constantly evolving?

The Company:

This company's vision is to be the world's most innovative and trusted dairy business. They have a high performing culture and world class facility. This is an exciting opportunity to be on the ground floor, supporting the technical team of this entrepreneurial producer of nutritional dairy products...

The Opportunity:

We have 2 rare opportunities to join the R&D team for a Senior Technologist - Formulated Beverages and Senior Technologist - Everyday Beverages.

You will lead product development from concept to commercialization. You will develop new recipes and conduct research before converting to products

Skills and Experience:

Both roles require a minimum of 5 years in Product Development in UHT Dairy products and processes.

Minimum Food Science or Food Technology undergraduate Degree

You will need to demonstrate your track record in product development and your technical expertise in the dairy and/or nutritional products.

*Liquid product and powders experience highly regarded!
