About the company

Their vision is to be the world's most innovative and trusted dairy company. The business has achieved a remarkable level of success and is geared to support significant future growth opportunities. They partner with the best customers and Canterbury milk suppliers to make more from milk. Together their products deliver the best in human health and nutrition. Their exceptional people see everything as an opportunity and are always striving to make more from milk.

The Opportunity

We are currently recruiting for a Senior Product Developer to join their growing team in Dunsandel! This role is a fantastic opportunity to lead, plan, develop, implement and review the assigned Nutritional NPD Products across the adult and infant powder nutrition portfolio. You will work as a cross functional team to launch successful products based on desired product specifications, optimised formulations and combine customer expectations on Nutrition/health claims with technical and manufacturing capabilities.

You will provide technical support and expertise to Customers, Manufacturing, Quality, Purchasing and Sales for Ingredients Nutritional Powders - specifications, processing and applications. Be a technical lead (and when required manage) Ingredient applications for Nutritional NPD projects aligned to the company's strategy. Support the Ingredient Manager in developing the 5 year Ingredient applications Nutritionals NPD and Technology roadmap.

Skills and requirements

In order to set you up for success we require the following skills and experience;

- Suitable tertiary qualification (BTech, science, Food technology or equivalent)
- (Senior) 5+ Years hands on experience in dairy applications
- Experience leading, developing and managing NPD projects in milk/nutritional powder manufacturing
- Excellent communications skills
- Consumer Powder Expertise
- Adaptable to an ever changing and growing environment
- Excellent written and verbal communication skills.

This is a chance to be part of a New Zealand Success Story. Don't just watch this space. Be in it.
