## Quality Assurance Technician

### Are you revved up!!

Panhead Custom Ales are looking for a passionate, energetic crew member to drive our onsite lab. The Quality Assurance Technician role will steer us towards becoming a world class brewery through implementing and sustaining best practices processes and capability.

The nuts and bolts of the job but not the whole toolbox.

- Drive our Quality Management System.
- Look under the hood performing analytical and microbiological testing.
- Put your foot to the floor controlling high spec equipment.
- Turn the key with issue resolutions through our quality process.
- Give the brewery it's WOF providing assistance with site audits, reviews, and non-conformance investigations.
- Immerse yourself in our Custom Culture on continuous improvement.

As QAT crew member you will be part of the Food Safety/HACCP Team, Sensory Panel and have the opportunity to work in the Production Brewery and Pilot Plant.

We are committed to developing our crew members, so if you want to join one of the best Craft Breweries in NZ, don't drive past this opportunity.

### Qualifications and desired skills include.

- Tertiary qualification in a technically related discipline (chemistry, biology, or food technology)
- Quality Assurance and Food Safety experience
- Formal qualification in brewing and knowledge of packaging practises preferred.
- Good communication, and computer skills
- Highly organised and positive attitude

The Panhead Culture counters to the safe, soft, woke, complicated, political and modern world. Let's never forget it. Let's never intellectualise our brand, try too hard, complicate it, or be too clever and strategic. These things are what we as Panhead provide relief from! Tune into your inner rascal and make sure this brand remains one of the most exciting, dangerous, liberating forces in beer and in business. Come and embrace it.

### How to Apply

To Apply for this vacancy, please send your CV and cover letter to Franziska Buch at [franziska@trs.co.nz](mailto:franziska@trs.co.nz) or if you would like further information on the position then please call her in full confidence on 04 916 0543.

If this vacancy is not exactly what you are seeking, then please contact me in confidence to discuss your individual requirements or visit our website for other current vacancies. You can also 'drop your CV' to us through [www.trs.co.nz/cv-drop](http://www.trs.co.nz/cv-drop) and one of our consultants will be in touch with you.
