APPENDIX I - ABOUT RON HOOKER

Ron was interested in NZIFST since its inception. While at T J Edmonds Ltd, Christchurch, as Chemist, he attended a meeting arranged by Professor Kelvin Scott of Massey Agricultural College and held at Massey in December 1964. It was to be the first of many Food Technology Conferences and in 1966 at the 3rd conference steps were taken to form an incorporated society. In 1968 the Canterbury Branch of NZIFST was formed with Ron elected the foundation Chairman. He subsequently remained Branch Secretary, including writing nearly all the Branch newsletters, until his death in 2013 – it was a position he clearly enjoyed.

Ron served on the NZIFST Council for two terms. He was elected Fellow in 1978 and Honorary Fellow in 1992. At the time there had been only 11 Honorary Fellows elected and Ron cherished this honour. In 2005 He and Bob Cawley (NZIFST President 1967-1969) were invited to cut the NZIFST 40th Anniversary Cake at the Conference in Christchurch. Over the years he served on three NZIFST Conference Committees and on many other committees.

Ron held a near complete set of every document that NZIFST had produced until 2000, including every conference, and had arranged for this material to be handed over to the NZIFST National office for archiving.

Ron began in the food industry in the 50's with the Longburn Freezing Works in Palmerston North. He also held positions at Unilever in Hastings (Birdseye, Crest etc) which involved freezing, canning and dehydration; T J Edmonds from 1963-1983 where he was involved in the development of over 200 Edmonds products; and the Ireland Group Ltd in Christchurch (Browns Flour Mills, SX bakery and other companies). He then set up his own consulting company Foodology Services Ltd.

In retirement Ron kept up his many other interests, including Secretary of the Rotary Club of Linwood-Woolston since its foundation in 1968; and more recently, following the Christchurch earthquakes in 2011, he was actively involved in the New Regent Street restoration and reopening project.

For his significant service to NZIFST, Ron was awarded the NZIFST Exemplary Services Award in 2010. Ron was honoured and humbled to be asked if the NZIFST could name the award after him, but sadly he passed away before the inaugural Ron Hooker Award for Exemplary Service could be presented in 2014.
